Raja Rajeshwari Layout, Vishwa Chethana PU  
college road, Anekal, Bangalore -562106

## OBJECTIVE

---

To work as a Front-End web developer with flexible and relentless team to build products that solve real world problems.

## SUMMARY OF SKILLS

---

- Capability to work in fast paced environment
- Very much passionate about adopting ideas and troubleshooting problems
- Focused on solving problems rather than delving in them
- Ability to grasp and improvise new things

## TECHNOLOGIES KNOWN

---

**Languages :** HTML5, CSS3, Sass, JavaScript, TypeScript, Core Java, SQL

**Front-End Frameworks/Libraries:** React.js, Angular5, Redux

**Build tools:** babel, webpack, npm, yarn

**Version Control:** Git

**Operating Systems:** Windows, Linux

## EXPERIENCE

---

I'm working as an Associate Developer at AtoS in Pune from July 2017

## PROJECTS

---

**Title:**

Online Recruitment Management System

**Technologies used:**

Java, Spring MVC, JDBC template, Oracle Database 11g

## Responsibilities:

I lead a team of 5 to build a full stack website application during training at Manipal Global Academy of IT. We went all the way from analyzing project requirement, making UML diagrams, creating DB schema to integrating everything. Learning at a fast pace and applying it in the project was a challenging task for us. It was nice experience in learning to make choice while programming.

I constantly update on new things in web development. You can see more about my projects and practice from below links.
